

## Ph.D. student at Ghent University

- **Last application date:** 2013-02-28 23:59
- **Department:** WE01 - Department of Mathematics - Ghent University - Ghent, Belgium
- **Contract:** Fixed
- **Degree:** Master's degree or a licentiate (or equivalent) in Mathematics. Candidates who will obtain a Master's degree at the end of the present academic year may apply
- **Occupancy rate:** 100%
- **Vacancy Type:** wp

### Job Description

We are looking for a full-time Ph.D. student to conduct research in "Absolute Algebraic Geometry", which should lead to a Ph.D. degree in Science/Mathematics. The successful candidate will receive a scholarship from Ghent University for a period of 48 months with starting date August 1, 2013 at the latest (depending on the candidate). The general research theme is *The Geometry of Absolute Arithmetic*. The candidate will work in a dynamic international research environment.

### Profile

- No experience required. Good study results are highly recommended!
- You can work in a team and independently, accurately and systematically.
- Motivation to start a Ph.D. research, interest in Algebraic Geometry, Group Theory and Combinatorics.

### Apply
