

International Conference on Generalized Functions

August 31–September 4, 2020
Ghent, Belgium

Scientific Committee

- José Bonet (Polytechnic University of Valencia)
- Hans Feichtinger (University of Vienna)
- Günther Hörmann (University of Vienna)
- Irina Melnikova (Ural Federal University)
- Michael Oberguggenberger (University of Innsbruck)

- Stevan Pilipović (University of Novi Sad)
- Iuliu Sorin Pop (Hasselt University)
- Luigi Rodino (University of Turin)
- Michael Ruzhansky (Ghent University)
- James Vickers (University of Southampton)
- Jasson Vindas (Ghent University)

The International Conference on Generalized Functions GF2020 is organized by the Department of Mathematics: Analysis, Logic and Discrete Mathematics at Ghent University. The conference is dedicated to the 70th birthday of Prof. Stevan Pilipović.

Plenary Speakers

- Marco Cappiello (University of Turin)
- Ricardo Estrada (Louisiana State University)
- Michael Kunzinger (University of Vienna)
- Bojan Prangoski (University of Skopje)
- Armin Rainer (University of Vienna)
- Mitsuru Sugimoto (Nagoya University)
- Joachim Toft (Linnaeus University)
- Jochen Wengenroth (University of Trier)
- Jens Wirth (University of Stuttgart)

Organizing Committee

- Chair: Jasson Vindas (Ghent University)
- Co-chair: Michael Ruzhansky (Ghent University)
- Sandro Coriasco (University of Turin)
- Andreas Debrouwere (Ghent University)
- Iuliu Sorin Pop (Hasselt University)
- Hans Vernaeve (Ghent University)

Technical support: Geert Vernaeve (Ghent University)
