Departmental Final exam

Grading Scale

A: 90 - 100% B: 80 - 89% C: 70 - 79% D: 60 - 69% F: 0 - 59%

Make-ups

Students who know ahead of time that they may miss a test or quiz should talk to me in advance. Students who have an emergency on the day of a test should send an email to me as early as possible.

Homework

You are required to do all homework carefully. You can get help from me during the office hours, or you can go to B-39 Allen Hall (Mon-Thu 9:30am-5:30pm, Fri 9:00am-3:00pm) to get free tutoring.

Suggestions

The key to success in this course is to attend class regularly and keep up with current homework.

This course can be used to meet three credit hours toward the general education requirement for analytical reasoning. See the LSU catalog for more information.
